But one of the injured is dangerously hurt. The wreck was caused by the engine running over a bull.

An Ohio Man Sues the L. S. & M. S. R. R. for Malicious Prosecution.

CHICAGO, Ill., Oct. 20.—Dr. Chalmers M. C. Prentice, of Norwalk, Ohio, was arrested October 17, on a train on the Lake Shore and Michigan Southern railway, when it arrived at South Chicago, charged with disorderly conduct. His offense was buying on the train round trip tickets from friends who did not want to use them, the charge of disorderly conduct being preferred against him, because his captors knew of no other accusation that would fit his case. He was locked up, but the railroad company decided that it could not proceed against him, and he was discharged. He has now sued the railroad company for $50,000 in the United States circuit court for malicious prosecution.

CHRISTIAN UNION.

The Protestant Episcopals Considering the Question.

CHICAGO, Ill., Oct. 20.—The committee on the state of the church submitted a report to the general convention of the Protestant Episcopal church on the proposition for the organic union of Christendom. The report recommends the appointment of a joint committee of fifteen to open communication with the various other Christian bodies, and ascertain whether there is a disposition among them for a union on a basis of the apostle's creed, the breaking of bread and prayer, and also ascertain what benefit, in their view, would result to Christendom from such a union.

Dr. Hopkins submitted a minority report, urging the promulgation of a definite and distinct plan to be submitted to other Christian bodies to speedily accomplish a union. The reports were placed on the calendar.

A Wholesale Shoe Dealer Shoots Himself.

BLOOMINGTON, Oct. 20.—Arthur T. Daniels, a veteron boot and shoe jobber of this city, committed suicide by shooting himself at noon yesterday. Asa H. Moore, uncle of the deceased, received from the latter, through the mail, a letter saying that he would find Daniels' dead body in the basement in which he did business. Mr. Moore summoned the coroner, and, going to the basement, found the remains. Rats had eaten Daniels' nose off and gnawed at his face and hands. Daniels had removed his clothing and fired a bullet into his heart. He was a widower, and about fifty years old. His business had not been good of late, and he had been melancholy.

Passenger Train Wrecked.

EVANSVILLE, Ind., Oct. 20.—The north-bound fast express which left here at 2 o'clock this morning, on the Evansville and Terre Haute railroad, was wrecked at Ingles, a station ten miles out. The whole train left the track and was badly damaged. Two coaches stood upon their ends, and one end of the sleeper wrs buried in a bank. Luckily not a single person was injured seriously, although everybody on the train was badly shaken up. The wrecking crew has been on the scene all day. The damage to the rolling stock is great. RATHER MEAN.

A Republican Meeting Rotten Egged by Monroeville Hoodlums, Who Destroy Ceil Higgins' Hat.

Judge A. A. Chapin, J. B. Harper, J. W. Hayden, Henry Cohen and Ceil Higgins held a republican meeting at Monroeville last night and the hoodlums of that place fired rotten eggs into the small gathering. Democrats and republicans alike denounce the interruption, but when the *Gazette* attempts to make it a partisan affair, decent people stand aloof. The democrats were no more to blame for that breach of the peace than were the republicans when a democratic meeting was stoned in Huntington county. It will be pretty hard to magnify the assault into an insult to workingmen when such "horny handed" individuals as Judge Chapin, Jim Harper, J. W. Hayden and Ceil Higgins were the principal figures. There was no assault directed at Mr. Cohen, in fact the man is not known to two people in Monroe township. Of course, all of us regret that a vicious egg was lacerated right above Mr. Higgins' hat, because we meet the gentleman and like to mingle with him. Now, however, distance lends enchantment and most people have a longing to create a suspicious remoteness between themselves and the dapper Mr. Higgins, the laboring man's candidate for auditor.

THE SENTINEL, leaving all feeling and fun aside, believes that the republicans were not assaulted at Monroeville last night by democrats and a dozen prominent people from that village are in the city to day asserting that the disgraceful business was not only provoked by the brutal course of the *Gazette*, but that it was planned and perpetrated by republicans themselves for political effect. The democratic leaders believe this and to punish the hirelings and disgrace their backers, this circular is sent to the residents of Monroeville:

$50 REWARD.

The democratic county central committee, believing in the constitutional right of the people to peacefully assemble and discuss public questions, and in the absolute right of free speech, and the protection of the same under the law, denounces the interference, by certain lawless persons, whoever they may be, with the political gathering at Monroeville, on the evening of October 19, 1886, as unlawful and intolerable in a free country. To the end that justice may be vindicated and the law enforced, the democratic county central committee hereby offers a reward of $50 for the apprehension and conviction of the parties who molested the public meeting held at Monroeville, on the night of October 19, 1886, by throwing eggs at or against the building in which such meeting was held, or at or against the citizens or speakers there assembled or any of them.

JOINT DEBATE.

Colonel I. B. McDonald and T. W. Blair Meet on the Stump at New Haven.

There was a joint open air meeting at New Haven last night and a great crowd assembled to hear Colonel I. B. McDonald and T. W. Blair discuss the issues of the day jointly. Colonel McDonald began by tracing the progress of the democratic party and pointing to its achievements. He reviewed its politics and its statesmen, closing with the submission of a long list of interrogatories to Mr. Blair, who dodged two of them and ignored the rest on the ground that he could not read Colonel McDonald's manuscript. Mr. Blair confined his talk to state and local affairs, and better sense, better lanquage and more logic was expected from him. He repeated about being a "peoples" candidate, but when Colonel McDonald closed he pulled the mask from Mr. Blair's face and nailed him to the cross of ridicule and scorn. Mr. Blair is no match for Colonel McDonald, who handles him as roughly as he did the enemy on the field of battle. The gentlemen talk at Monroeville to-night and in this city to-morrow, Thursday evening.

There were two splendid democratic meetings held in the Ninth and Fifth wards last night. At the first named place the audience was addressed by Hon. Robert Lowry, Hon. R. C. Bell, Judge Hench, J. M. Barrett and James E. Graham, and at the latter named placed Judge Lowry, R. C. Bell and Will Shambaugh spoke. The best of feeling prevailed and the speakers sought to convince their hearers rather than to abuse the opposition candidate.

The democrats of the banner ward in the city, the Eigth, will hold a meeting to-night at the carpenter shop of Deputy Marshal Franke, in the rear of No. 408 East Washington street. Hon. Robert Lowry, Hon. R. C. Bell, J. M. Barrett, Judge S. M. Hench, Wm. Shambaugh and others will speake. Democrats and all who wish to hear the truth should turn out and hear these distinguished gentlemen.

THE FAIR.

The Second Night is Successful and Voting Begins.

There was another throng at Library hall, last night, and the gay festivities of St. Paul's church festival were continued by the pretty maids who mingled with the visitors and had a welcome for everyone.

The contest between the conductors closed with this score: Joseph L. Gruber, 12; Dan M. Hayes, 12; Harry Gardner, 13; Andy J. Dawson, 14; Chas. Rodenburg, 10.

HELLO! HELLO!

Dr. W. H. Myers Calls the Telephone Company and the Court Decrees He Must Have an Instrument.

Some time ago Dr. W. H. Myers instructed the local managers of the Central Union Telephone company to restore the telephone service at his residence. The company refused on the ground that under the five cent toll rate it would be unprofitable. The doctor applied to the circuit court for a mandamus to force the company to comply with his request and this morning, after hearing the case and listening to arguments, Judge Edward O'Rourke decreed in favor of the doctor, thereby declaring that the telephone company must serve all who apply for instruments. The doctor has another suit seeking the $100 penalty provided by law for failing to provide telephone service and it bears the same footing as the former one. The telephone company will appeal the case to the state supreme court and hope to postpone decisive action, as a horde of other people stand ready to repeat the demands made by Dr. Myers. Messrs. Worden & Morris are attorneys for the doctor and the success of the case is a high compliment to the young attorneys, who look for action in the supreme court inside of sixty days.

Killed by a Train.

NOBLESVILLE, Oct. 20.—Frank Armstrong, a young man about twenty-two years of age, and a former resident of Anderson, but of late engaged in the office of the Midland railway here, learning telegraphy, while attempting to board a train, this morning, while it was in motion, was thrown under the wheels and had his left leg above the knee and his right leg between the knee and ankle cut off, from the effects of which he died at 2 p. m. to-day.

Everybody knows that the best remedy known for coughs, colds, etc., is Dr. Bull's Cough Syrup.

A STRANGE FEAT.

How a Bay City Council Committee Overcomes Little Obstacles and Low Figures.

Bay City, Mich., has been considerably agitated during the past month over the question of lighting its streets. It appears that the city, with a population of 35,000, has been lighted for four years by electricity—the Brush system—on rental contract. The question of continuing the plant established there by rental or purchase, or of adopting some other system, resulted in hundreds of signatures to petitions and remonstrances, and the issue has for several weeks been the absorbing topic with the Bay City papers. It seems the mayor, comptroller and entire city council recently made a tour of investigation on the invitation of the Brush Electric company, of Cleveland, the Fort Wayne company and the Jenny company, of Indianapolis. The delegation visited Detroit, Cleveland, Cincinnati, Louisville and intermediate points, Fort Wayne and other cities in Indiana, and made a very thorough investigation and test of all the systems in use. The proposition was for a complete plant of 120 lights, to be placed on mast arms and towers. The bid of the Brush company was $25,600; the Fort Wayne company, $28,700; the Jenney company, of Indianapolis, $30,000. The visiting delegation returned home last week. Their report filled a half page of the Bay City *Tribune*, and says the contract goes to the Indianapolis company, the highest bidder. No reflection is intended on Michigan councilmen.

HENRY HARTMAN.

A VOTE for the republican legislative candidates is a vote for Ben Harrison's return to the United States senate.

The Irving hall democracy in New York having formally declared for Henry George, adds an element of interest to the campaign. Mr. Hewitt, is the nominee of Tammany and the county democracy and Mr. Roosevelt, the republican nominee.

At a meeting of Archbishop Purcell's creditors in Cincinnati a letter from ex-Governor George Hoadly was read, promising to pay his share as bondsman of the defaulting assignee, John B. Mannix, deducting attorney fees. The sum that Mr. Hoadly will pay will be about $54,000.

Every straight republican vote given at the election, one week from next Tuesday, will have its effect on the presidential campaign in 1888, for good or ill results.—Warsaw *Times*.

The *Times* sounds the key note and well knows that the slightest victory of its party in Indiana will be heralded the country over as a partisan victory and flaunted in the face of every democrat who will live to curse the day of republican success, if such a calamity should befall any spot in Indiana.

IT IS A WARNING.

The Louisville *Courier-Journal*, one of the greatest newspapers in the country, is alive to the importance of democratic success in Indiana, and sounds this warning to Hoosier democrats:

"The *Courier-Journal* wishes to address a word of warning to the Indiana democrats.

There is a suspicious tendency on the part of leading republicans, like New and Dudley, to unburden themselves to the newspaper interviewer and inform the country what an easy victory the democrats of Indiana have this fall; what a big majority they will elect to the legislature, and how certain they are to name a democratic senator to succeed Harrison. These interviews are notably frequent, and coming from the sources they do, are, we repeat, decidedly suspicious.

Politicians like New and Dudley do not usually go about over the country seeking opportunities to herald their defeat in advance, and when they do adopt such tactics in the middle of a contested campaign it is high time for their opponents to open their eyes and put themselves on the alert.

For be it remembered, while these wily republicans are nosily proclaiming their foregone defeat, they are moving heaven and earth to win success and secure the legislature. They are doing all they can in a cunning and quiet way to get the democrats by the ears, and to foment factional differences and contentions among them. They are furthering divers clever schemes to slip in republican members of the legislature from various democratic districts, and they have numerous and dangerous plans for trading at the election in favor of republican senators and representatives.

The democrats of Indiana should not allow themselves to be betrayed into over confidence and inactivity. They should be vigilant, energetic and determined to block all the plans of the republican wire pullers to carry the legislature. We must have another democratic senator from Indiana. The democratic party can not assume the full responsibility for national legislation and administration until it secures also the United States senate. A democrat in the seat of Harrison is indispensable to the early achievement of this end. Nothing short of criminal carelessness and inefficiency on the part of the Indiana democrats will prevent the retirement of Harrison by the next legislature and the election of a democrat.

SENATOR SHERMAN'S INCONSISTENCIES.

Senator Sherman has the reputation among some people of being exceedingly sharp and analytical in the constitution of his mind, says the Louisville *Courier-Journal*, but probably if the records were searched so many blunders, inaccuracies, and inconsistencies, to say nothing of the graver faults of insincerity and practical operative duplicity, could not be found to the discredit of any other public man of Sherman's generation. In his specialty of finance there was never a greater turncoat and double-dealer in congress, and the distinguishing feature of all his work is its makeshift and time-serving quality and the absence of all pretension to forecast.

This sticks to him. For example, in his late Cincinnati address he stated that the only solution of the silver problem was to put a dollar's worth of silver bullion into a dollar in order to give that coin the quality of parity with gold, and therefore of stability. Sherman proposed this several years ago, but if his advice had been taken at that time, his silver dollar would have been worth today intrinsically only about 85 cents. On the other hand, if the silver value of three weeks ago had been put into the dollar, it would now be worth 106 cents. Two weeks hence, such a coin might be worth $1.20, or perhaps 85 cents again. Now, the trouble with all this is not in the silver bullion and its legitimate contingencies, but the position in which Senator Sherman was the arch-conspirator in placing silver bullion. If he does not know, any intelligent financier does know that if the privileges of free mintage for silver, which he did more than any other man to steal from the people, were still existent, there would be no disparity possible between the market and coinage value of the silver dollar, and he knows also, or ought to know, with his pretensions to financial knowledge, that neither the device he suggested in Cincinnati, nor any other device that any other man in the world could suggest, would maintain the intrinsic and coinage parities between gold and silver coins without free and equal mintage on both.

Some of Senator Sherman's touters would have us believe that he intends to make the currency a leading issue in the next presidential campaign, in which, forsooth, he is perfectly willing to serve as by far the most stalwart and intolerant and radical standard bearer the republican party can put into the field. The other issue would doubtless be the bloody shirt. This belated malignant, however, will never have that opportunity, as the era of hate has swept on and left him floundering in a healthier atmosphere, which cannot but disagree with his peculiar constitution. The polished and polite and able and comparatively mild-natured knight of Maine will take that honor probably; but it is hardly less than a national calamity that John Sherman will not have the opportunity of making the finances the leading national issue. Such a canvass would be the ruin of himself and all that he represents.

Nothing could be so useful in the way of disseminating striking lessons of post bellum history, and in all of this Mr. Sherman could truthfully say, cujus magnus pars fui.

But what a part was that? It is in evidence that no man in either house of congress contributed so much to the legislation which converted the currency bonds to specie bonds, and the specie bonds to gold bonds, as John Sherman. No man did so much to engineer the conspiracy of demonetizers in 1873 as John Sherman. Even before that it was John Sherman who, in 1871, instructed the American minister to Berlin to take advantage of the political situation, and put in a stroke for the gold plutocrats, who were his masters, under the authority and sympathy of the United States, the German currency policy adversely to the bimetalic system of her great enemy and debtor, France. That sentiment was already materializing at Berlin, and whether or not it was stimulated or aided by this American intermeddling, Germany in that year opened the monometalic crusade in Europe by demonetizing silver. It was John Sherman who, in 1873, contributed more powerfully to make the United States the first apostle of Germany than any other man in the United States. If any work of sectional hate and malice toward the south is ever started in congress, it is John Sherman who stands always with its leaders. In such schemes as the electoral tribunals Sherman is an adept. He is *facile princeps* among the advocates of all the interests of monopoly and intolerance, and no man is ready to go farther in pushing the thievish oppressions of the tariff.

This man's public career has cost the masses of the people in the United States thousands of millions of dollars, and no man living has done so much harm to his generation—to the people who dig and plow and weave and build.

Charles A. Roberts, of East Wilson, N. Y. had thirteen scrofulous ulcers on his face and neck. Hood's Sarsaparilla cured.

THE story that Cuba desires to be annexed to the United States is revived, and it is stated there are various reasons for this desire on the part of the Cubans. In the first place, the natives very greatly admire our form of government, and dislike that under which they live. Then, they are largely intermarried with Americans and linked with our business interests. American business of every description stands higher in Cuban estimation than that of Spain. In Cuba the English language is spoken by all of the better classes, and the Spanish is almost despised on account of the tyranny of the mother country. Spain takes everything from Cuba, and gives her nothing, unless it is protection when Spanish interests are jeopardized. The Cubans believe they could get in a close relation with the United States, more protection and internal encouragement in the way of improvement.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and over a year had two running sores on my neck. Took five bottles Hood's Sarsaparilla, and am cured." C. E. Lovejoy, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

Is one of the most disagreeable diseases caused by impure blood. It is readily cured by Hood's Sarsaparilla, the great blood purifier.

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. Stanton, Mt. Vernon, Ohio.

Duffy's Pure Malt Whiskey and Duffy's Formula.

For Consumption.

BELLEFONTAINE, O., March 30, 1886.

The Duffy Malt Whiskey Co., Baltimore, Md.

My Dear Sirs—Your Duffy's Pure Malt Whiskey has actually cured my wife of her lung trouble (thought to be consumption in its first stage). She was unable to do anything, weighing just 111 pounds when commencing using your whiskey, and to-day, just three months from its use, she weighs 135 pounds, looks better, feels better and is better than she has been for two years. I believe her entirely cured, and thank you most heartily for the trouble you took in prescribing the Duffy's Formula and other favors from your excellent corps of physicians. I shall praise it to all that I think can be benefited by it, as it has saved me an enormous doctor's bill and an invalid's care.

E. L. BARRINGER.
Prop. Excelsior Steam Printing Works.

271 Sackett St., Brooklyn, N. Y.

Gentlemen:—I was stricken down with congestion of the lungs, and though having the best medical attendance I did not improve. I had a cough that seemed to contract my chest to half its natural size. Was unable to rest day or night, except upon my back, and to make the least exertion by reason of my breathing being so quick and short. I commenced the use of your Duffy's Pure Malt Whiskey and Duffy's Formula, and it has done more good than is claimed for them. Lung trouble has entirely disappeared, appetite excellent, breathing as natural as ever, cough gone. I feel like a new man all over. Your remedies are certainly the NE PLUS ULTRA of lung curatives. M. O. CONNOR.

63 N. CENTRAL AVE., BALTIMORE, MD.

To the Duffy Malt Whiskey Company:

Gentlemen: I must tell you how much I value your Duffy's Pure Malt Whiskey. I have been very ill; my friends all thought I must die with consumption. Your whiskey has certainly benefitted me very much. I was so sick and weak that they had to hold me up and give me the Malt Whiskey. My doctor told them to give me two teaspoonfuls every four hours in as much water or milk; then, when I began to improve, I must take it three times a day in the same quantity—and I do use it while I can get it. I hope that those who suffer may hear of it and be benefitted as I have been. MRS. ANNIE M. GRIMES.

375 7th Ave., Pittsburg, Pa.

Dear Sirs—I would very thankfully say in behalf of my friend, Mr. Chas. Whittaker, that he has so much improved in health and spirits since using your Duffy's Pure Malt Whiskey and Duffy's Formula that he is completely restored. At the time of taking it first he was depressed in energy and spirits, characteristic of that dread disease, but now he has gained so much in weight, strength, and general vigor he is actively attending to business.

WEDNESDAY, OCT. 20, 1886.

FACTS FOR VOTERS.

Hon. Charles McCulloch Makes an Honest and Masterly Statement of County Affairs.

To the Editor of THE SENTINEL.

Nothing more completely baffles trickery and deception than a straightforward statement of facts. I believe that the taxpayers of Allen county and the city of Fort Wayne are honest, intelligent men, not easily bamboozled or deceived. Living in the noonday of time, they read and think and the editors of republican papers in this city will find that the triumphs of truth and reason are greater than those of misrepresentation. Slander cannot make a subject either better or worse and in the long run it acts like a boomerang upon the party that resorts to it. The true and concise statement of our county affairs, made by our county treasurer, is all that is necessary to puncture the false statements of republican newspapers, and it will be published often enough for every man in the county to read it and these pretended reformers will find that "truth is mighty and will prevail."

The statement shows that the commissioners did issue $200,000 of bonds, and they bear five per cent interest, but the premium they brought, of $4,000, brings the rate of interest to about 4¼ per cent or less. They did this to pay off every county order that drew 6 per cent, and to give them money enough to keep the county for the future on a cash basis and at the same time not to stint in the necessary expenses of a thriving county. Several years ago, about the time Mr. Rudisill was auditor, a large number of wooden bridges, on pile foundations, were built within a period of four years. Everyone knows what kind of bridges they were from the one at Rudisill's mill and Muldoon's dam. During the last four years these bridges have had to be rebuilt or repaired at a cost of over $150,000, and in order to verify my statement I give figures of cost and location of bridges, and this will tell why for four years past the expenditures of the county have been heavy:

Wells street bridge, St. Marys river	$ 20,922 51

Some more have yet to be built, but the work is principally done for many years to come. Allen county is the largest county in the state and has more bridges to build and keep up than any other county. She is second in wealth and manufacturing interests and had it not been for the necessary expenses above mentioned she would not have run behind one dollar. THE PEOPLE BELIEVE IN GOOD ROADS, SAFE BRIDGES, WELL MANAGED PUBLIC INSTITUTIONS, LIBERAL EXPENDITURES FOR HOSPITALS AND THE POOR

The hospital and poor expenses alone from June 1, 1885, to June 1, 1886, were as follows, according to the report of Auditor Griebel:

Poor orders by townships trustees	$22,821 00
Medicine	968 20
Physicians	2,349 37
Railroad fare	271 25
City hospital	3,840 63
St. Joseph hospital	4,077 12
Asylum	6,677 15
Asylum superintendent	800 00
Pest house	33 40
Overseers of poor, township trustees	1,957 09
Total	$43,795 42

Viewing the great improvements and charities we can point with pride to our county and the paltry debt that is shown in the statement of the county treasurer is so straightforward and plainly legitimate that people never give it a moments critical consideration. There has been no stealing. Men like William Briant, Jerome Gloyd, Henry Hartman, Louis Griebel, Willis Maier, John Dalman, Judge Hench, Judge O'Rourke *don't steal.* Newspapers are the only accusers that dare say they do. Individually not one of the gentlemen who edit those papers would say so. The democratic and republican platforms both agreed that one term in a four year county office was long enough. With that idea prominent the present democratic county ticket was nominated and as Mr. P. S. O'Rourke said to me a few days ago, "it is as good a ticket as was ever nominated in Allen county," and Mr. O'Rourke is a close observer and always says exactly what he means. He also said that he had known Mr. Niezer from his boyhood, and that he was the soul of honor. The laws that regulate the county officials in the banner democratic county of Allen regulates them in republican counties. Allen county's prosperity and growth has been wonderful within the past few years, and the workingmen who are building homes faster than ever all over our beautiful city, still have confidence in our public servants in spite of the attempts of newspaper gentlemen at each election to deceive them.

Respectfully,
CHARLES MCCULLOCH.

COUNT TOLSTOI, the Russian novelist, was found by a recent visitor clad in a peasant's garb and sweeping his hearth. His white shirt was soiled with mud and soot, there was a strap about his waist, and his heavy boots were coated with clay. After breakfast the Count and his son went to help repair a neighbor's barn, and worked all day like a common artisan.

Catarrh

Is a very prevalent and exceedingly disagreeable disease, liable, if neglected, to develop into serious consumption. Being a constitutional disease, it requires a constitutional remedy like Hood's Sarsaparilla; which, acting through the blood, reaches every part of the system, effecting a radical and permanent cure of catarrh in even its most severe forms. Made only by C. I. Hood & Co., Lowell, Mass.

IS THIS THE REFORM THEY TALK ABOUT!

[Proceedings of the Republican County Convention taken Verbatim from the Gazette.]

Mr. Baltes was declared the nominee and made a short speech:

"MR. CHAIRMAN AND GENTLEMEN:—I have not been seeking this office, but as you have been so liberal as to give me a majority on the first ballot, I am very thankful, and shall work again as I did four years ago, when I paid $1,200 and didn't get the office, even if it costs me another $1,200 to get into this court house. All I ask is that these delegates do the fair thing, and at the fall election be at the polls and vote the whole ticket through from top to bottom, [a voice, "We'll do it!"] and there is no doubt but we'll carry Allen county. [Cheers.]"

ECZEMA

And Every Species of Itching and Burning Diseases a Cured by Cuticura.

ECZEMA, or Salt Rheum, with its agonizing itching and burning, instantly relieved by a warm bath with Cuticura Soap and a single application of Cuticura, the great Skin Cure. This repeated daily, with two or three doses of Cuticura Resolvent, the New Blood Purifier, to keep the blood cool, the perspiration pure and unirritating, the bowels open, the liver and kidneys active, will speedily cure eczema, Tetter, ringworm, psoriasis, lichen, pruritis, scald head, dandruff and every species of itching, scaly and pimply humors of the scalp and skin, when the best physicians and all known remedies fail.

ECZEMA.

I gratefully acknowledge a cure of eczema or salt rheum, on head, neck, face, arms and legs for seventeen years; not able to walk except on hands and knees for one yer; not able to help myself for eight years; tried hundreds of remedies; doctors pronounced my case hopeless; permanently cured by the Cuticura Remedies. WILL MCDONALD,
2542 Dearbon St., Chicago. Ill.

ECZEMA.

Some five months ago I had the pleasure to inform you of my improvement in the use of the Cuticura Remedies in my case of severe chronic eczema erythematosa and to-day cheerfully confirm all I then said. I consider my cure perfect and complete, and attribute it entirely to your remedies, having used no others. FERVAN ESENCHARDO,
3306 Penna Ave., St. Louis, Mo.

ECZEMA.

I have suffered from salt rheum for over eight years, at times so bad I could not attend to my business for weeks at a time. Three boxes of Cuticura and four bottles Resolvent have entirely cured me of this dreadful disease. MR. JOHN THIEL,
Wilkesbarre, Pa.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00.

WEDNESDAY, OCT. 20, 1886.

THE CITY NEWS.

Nye and Riley at the Temple Friday night.

Gus. Williams and party went to Mansfield, Ohio, from this city.

John Maxwell has entered the service of S. C. Lumbard as an insurance solicitor.

The Warsaw *Times* pays a high compliment to Mr. Eli Snyder and family, now residents of this city.

Mr. J. Y. Calahan, of Fostoria, has been appointed general traveling passenger agent of the Nickel Plate.

The generous shopmates of Moses Armstrong paid the funeral expenses of their friend and gave a purse of $18 to his family.

The sewing society of the Emanuels Lutheran church will meet to-morrow at the residence of Mrs. Fred Poetroth, on Pritchard street.

Miss Ida Case, of Washington, D. C., daughter of the late Colonel Charles Case, is in the city, the guest of Mrs. Charles B. Woodworth.

When a man bores you with "People's" chestnuts, don't say "you make me tired," but observe politely, "I'll give anything for a chair."

Mr. and Mrs. Wm. Martin, of Broadway, have returned from Chicago and Pullman, where they visited friends. Mr. Martin thinks Pullman is the nicest spot west of here.

John B. Ohneck and Delila Harris, Rudy C. Rinewald and Mary A. Meeks, Fred Drege and Eliza Hitzeman, Chas. Winslow and Anna Washington were yesterday licensed to wed.

The McNish, Slavin & Johnson minstrel party, recently here, played a game of base ball with the Louisville nine yesterday. Bob Slavin and Carroll Johnson were the rival captains.

Trustee Henry Bullerman, of St. Joe township, has received word that his brother George, who left here last spring and lives at Stewart City, Nebraska, is lying at the point of death with typhoid fever.

The Colfax monument committee will need $2,000 more to pay for the monument when completed. There are 550 subordinate and 100 Rebekah lodges in the state, and $3 from each will raise the money in round numbers.

O. L. Ballou, of Lagrange, and Mont. Hamilton and Henry Colerick, of this city, are booked for a speech at Black's school house, in St. Joe township, to-night. Mr. Ballou is the gentleman so woefully knocked out in his own county.

The announcement of the engagement of Mr. Maurice Mayerstein, of the Lafayette *Courier*, to Miss Mamie Kohn, of Bloomington, Ill., has been made public. Mr. Mayerstein has many friends in Fort Wayne who will extend congratulations at the proper time.

The Lafayette *Courier* sas: "Messrs. Bourie and O'Rourke, representing the Summit City Soap Co., of Fort Wayne, are in our city soliciting, and advertising Ceylon Red Letter and Improved Minute soaps. These brands are very highly recommended as the cheapest and best laundry soaps in the market."

A very slick game is being played on the citizens of neighboring towns. A man will enter a residence and report to the owner or occupant that the chimneys are split to such an extent as to endanger the destruction of the building by fire, and suggest that he has a lot of mortar left over from a recent job and will repair the chimneys at a small cost. After an investigation by the owner, the condition of their chimneys are invariably found perfectly sound and safe.

This is the season for a ramble in the woods, where the leaves have exchanged their modest summer garb for one of crimson and gold, and every forest glade is glorified. Hills glow with more than oriental splendor, and the rich autumnal garments drape every ridge and hollow until each becomes a vision of delight. How pleasant it is to go out into the haunts of nature and see autumn, the queen of beauty. Let all do homage to to her grace and grandeur. Rats!

Gen. Reub Williams, of Warsaw, seems to see things about right when he says in the Warsaw *Times* that there is more and more a feeling in favor of regimental reunions among the surviving soldiers of the late war, rather than the huge demonstrations that have been so much in vogue of late years, is plainly discernable on all sides. The "old veteran" is getting tired of being made the means of drawing a crowd for money-making purposes, and we therefore feel sure that while there will be fewer of the big reunions, there will be more and more of those confined to regimental organizations.

You may break, you may shatter
An egg if you will,
But a scent most peculiar
Will cling to it still.

Quite a sensation was created at Lafayette by the elopement yesterday afternoon of Mary, daughter of George Seeger, proprietor of the transfer line and a wealthy citizen, with Alexander M. Deets, a coachman in the latter's employ. The young couple went to Crawfordsville, where they were married.

At noon to-day, while a monkey show was going on in front of a prominent hotel, a tipsy and indiscreet youth fired a whisky flask out of the second story window at the monkeys, around which a large crowd gathered. Luckily the vial struck in an open space in the crowd, or a serious injury to some one would have been the result of his hilarity.

The official statistics of the passenger business done on the Wabash system show that the division lying between Indianapolis and Peru has paid the best per mile per passenger carried of any division in the Wabash system for the past three years. The travel is almost entirely of a local character, which pays three cents per mile on each passenger carried.

Five Men Killed.

LINCOLN, Neb., Oct. 20.—A construction train on the Nebraska and Colorado division of the Burlington and Missouri River railroad was thrown from the track nine miles southwest of Fairfield, this afternoon. The whole train was precipitated down an embankment twenty-five feet, and six cars were totally wrecked. Five men were killed outright, and nine more or less seriously injured. The killed are Robert H. Marvin, Dewee, Neb.; G. B. Burke, St. Louis; Daniel O'Connor, Weston, Mo.; Robert Collins, England. An unknown man is still under the wreck. He is supposed to be Dennis Hamilton, who comes from Michigan. John Fitzgerald, the president of the Irish Land league, the contractor in charge of the work, was slightly injured. But one of the injured is dangerously hurt. The wreck was caused by the engine running over a bull.

An Ohio Man Sues the L. S. & M. S. R. R. for Malicious Prosecution.

CHICAGO, Ill., Oct. 20.—Dr. Chalmers M. C. Prentice, of Norwalk, Ohio, was arrested October 17, on a train on the Lake Shore and Michigan Southern railway, when it arrived at South Chicago, charged with disorderly conduct. His offense was buying on the train round trip tickets from friends who did not want to use them, the charge of disorderly conduct being preferred against him, because his captors knew of no other accusation that would fit his case. He was locked up, but the railroad company decided that it could not proceed against him, and he was discharged. He has now sued the railroad company for $50,000 in the United States circuit court for malicious prosecution.

While it was undergoing repairs the mob took the wrong road, and the officers escaped with the prisoners.

CHRISTIAN UNION.

The Protestant Episcopals Considering the Question.

CHICAGO, Ill., Oct. 20.—The committee on the state of the church submitted a report to the general convention of the Protestant Episcopal church on the proposition for the organic union of Christendom. The report recommends the appointment of a joint committee of fifteen to open communication with the various other Christian bodies, and ascertain whether there is a disposition among them for a union on a basis of the apostle's creed, the breaking of bread and prayer, and also ascertain what benefit, in their view, would result to Christendom from such a union.

Dr. Hopkins submitted a minority report, urging the promulgation of a definite and distinct plan to be submitted to other Christian bodies to speedily accomplish a union. The reports were placed on the calendar.

A Wholesale Shoe Dealer Sheds Himself.

BLOOMINGTON, Oct. 20.—Arthur T. Daniels, a veteran boot and shoe jobber of this city, committed suicide by shooting himself at noon yesterday. Asa H. Moore, uncle of the deceased, received from the latter, through the mail, a letter saying that he would find Daniels' dead body in the basement in which he did business. Mr. Moore summoned the coroner, and, going to the basement, found the remains. Rats had eaten Daniels' nose off and gnawed at his face and hands. Daniels had removed his clothing and fired a bullet into his heart. He was a widower, and about fifty years old. His business had not been good of late, and he had been melancholy.

Passenger Train Wrecked.

EVANSVILLE, Ind., Oct. 20.—The north-bound fast express which left here at 2 o'clock this morning, on the Evansville and Terre Haute railroad, was wrecked at Ingles, a station ten miles out. The whole train left the track and was badly damaged. Two coaches stood upon their ends, and one end of the sleeper was buried in a bank. Luckily not a single person was injured seriously, although everybody on the train was badly shaken up. The wrecking crew has been on the scene all day. The damage to the rolling stock is great. A misplaced switch caused the accident.

RATHER MEAN.

A Republican Meeting Rotten Egged by Monroeville Hoodlums, Who Destroy Ceil Higgins' Hat.

Judge A. A. Chapin, J. B. Harper, J. W. Hayden, Henry Cohen and Ceil Higgins held a republican meeting at Monroeville last night and the hoodlums of that place fired rotten eggs into the small gathering. Democrats and republicans alike denounce the interruption, but when the *Gazette* attempts to make it a partisan affair, decent people stand aloof. The democrats were no more to blame for that branch of the peace than were the republicans when a democratic meeting was stoned in Huntington county. It will be pretty hard to magnify the assault into an insult to workingmen when such "horny handed" individuals as Judge Chapin, Jim Harper, J. W. Hayden and Ceil Higgins were the principal figures. There was no assault directed at Mr. Cohen, in fact the man is not known to two people in Monroe township. Of course, all of us regret that a vicious egg was lacerated right above Mr. Higgins' hat, because we meet the gentleman and like to mingle with him. Now, however, distance lends enchantment and most people have a longing to create a suspicious remoteness between themselves and the dapper Mr. Higgins, the laboring man's candidate for auditor.

THE SENTINEL, leaving all feeling and fun aside, believes that the republicans were not assaulted at Monroeville last night by democrats and a dozen prominent people from that village are in the city to day asserting that the disgraceful business was not only provoked by the brutal senses of the *Gazette*, but that it was planned and perpetrated by republicans themselves for political effect. The democratic leaders believe this and to punish the hirelings and disgrace their backers, this circular is sent to the residents of Monroeville:

$50 REWARD.

The democratic county central committee, believing in the constitutional right of the people to peaceably assemble and discuss public questions, and in the absolute right of free speech, and the protection of the same under the law, denounces the interference, by certain lawless persons, whoever they may be, with the political gathering at Monroeville, on the evening of October 19, 1886, as unlawful and intolerable in a free country. To the end that justice may be vindicated and the law enforced, the democratic county central committee hereby offers a reward of $50 for the apprehension and conviction of the parties who molested the public meeting held at Monroeville, on the night of October 19, 1886, by throwing eggs at or against the building in which such meeting was held, or at or against the citizens or speakers there assembled or any of them.

JOINT DEBATE.

Colonel I. B. McDonald and T. W. Blair Meet on the Stump at New Haven.

There was a joint open air meeting at New Haven last night and a great crowd assembled to hear Colonel I. B. McDonald and T. W. Blair discuss the issues of the day jointly. Colonel McDonald began by tracing the progress of the democratic party and pointing to its achievements. He reviewed its politics and its statesmen, closing with the submission of a long list of interrogatories to Mr. Blair, who dodged two of them and ignored the rest on the ground that he could not read Colonel McDonald's manuscript. Mr. Blair confined his talk to state and local affairs, and better sense, better language and more logic was expected from him. He repeated about being a "people" candidate, but when Colonel McDonald closed he pulled the mask from Mr. Blair's face and nailed him to the cross of ridicule and scorn. Mr. Blair is no match for Colonel McDonald, who handles him as roughly as he did the enemy on the field of battle. The gentlemen talk at Monroeville to-night and in this city to-morrow, Thursday evening.

There were two splendid democratic meetings held in the Ninth and Fifth wards last night. At the first named place the audience was addressed by Hon. Robert Lowry, Hon. R. C. Bell, Judge Heuch, J. M. Barrett and James E. Graham, and at the latter named placed Judge Lowry, R. C. Bell and Will Shambaugh spoke. The best of feeling prevailed and the speakers sought to convince their hearers rather than to abuse the opposition candidate.

The democrats of the banner ward in the city, the Eighth, will hold a meeting to-night at the carpenter shop of Deputy Marshal Franke, in the rear of No. 408 East Washington street. Hon. Robert Lowry, Hon. R. C. Bell, J. M. Barrett, Judge S. M. Heuch, Wm. Shambaugh and others will speake. Democrats and all who wish to hear the truth should turn out and hear these distinguished gentlemen.

THE FAIR.

The contest between the conductors closed with this score: Joseph L. Gruber, 12; Dan M. Hayes, 12; Harry Gardner, 13; Andy J. Dawson, 14; Chas. Rodenburg, 10.

HELLO! HELLO!

Dr. W. H. Myers Calls the Telephone Company and the Court Decrees He Must Have an Instrument.

Some time ago Dr. W. H. Myers instructed the local managers of the Central Union Telephone company to restore the telephone service at his residence. The company refused on the ground that under the five cent toll rate it would be unprofitable. The doctor applied to the circuit court for a mandamus to force the company to comply with his request and this morning, after hearing the case and listening to arguments, Judge Edward O'Rourke decreed in favor of the doctor, thereby declaring that the telephone company must serve all who apply for instruments. The doctor has another suit seeking the $100 penalty provided by law for failing to provide telephone service and it bears the same footing as the former one. The telephone company will appeal the case to the state supreme court and hope to postpone decisive action, as a horde of other people stand ready to repeat the demands made by Dr. Myers. Messrs. Worden & Morris are attorneys for the doctor and the success of the case is a high compliment to the young attorneys, who look for action in the supreme court inside of sixty days.

Killed by a Train.

NOBLESVILLE, Oct. 20.—Frank Armstrong, a young man about twenty-two years of age, and a former resident of Anderson, but of late engaged in the office of the Midland railway here, learning telegraphy, while attempting to board a train, this morning, while it was in motion, was thrown under the wheels and had his left leg above the knee and his right leg between the knee and ankle cut off, from the effects of which he died at 2 p. m. to-day.

A STRANGE FEAT.

How a Bay City Council Committee Overcomes Little Obstacles and Low Figures.

Bay City, Mich., has been considerably agitated during the past month over the question of lighting its streets. It appears that the city, with a population of 35,000, has been lighted for four years by electricity—the Brush system—on rental contract. The question of continuing the plant established there by rental or purchase, or of adopting some other system, resulted in hundreds of signatures to petitions and remonstrances, and the issue has for several weeks been the absorbing topic with the Bay City papers. It seems the mayor, comptroller and entire city council recently made a tour of investigation on the invitation of the Brush Electric company, of Cleveland, the Fort Wayne company and the Jenny company, of Indianapolis. The delegation visited Detroit, Cleveland, Cincinnati, Louisville and intermediate points, Fort Wayne and other cities in Indiana, and made a very thorough investigation and test of all the systems in use. The proposition was for a complete plant of 120 lights, to be placed on mast arms and towers. The bid of the Brush company was $25,000; the Fort Wayne company, $28,700; the Jenney company, of Indianapolis, $30,000. The visiting delegation returned home last week. Their report filled a half page of the Bay City *Tribune*, and says the contract goes to the Indianapolis company, the highest bidder. No reflection is intended on Michigan councilmen.

HENRY HARTMAN.

A vote for the republican legislative candidates is a vote for Ben Harrison's return to the United States senate.

The Irving hall democracy in New York having formally declared for Henry George, adds an element of interest to the campaign. Mr. Hewitt, is the nominee of Tammany and the county democracy and Mr. Roosevelt, the republican nominee.

At a meeting of Archbishop Purcell's creditors in Cincinnati a letter from ex-Governor George Hoadly was read, promising to pay his share as bondsman of the defaulting assignee, John B. Mannix, deducting attorney fees. The sum that Mr. Hoadly will pay will be about $54,000.

Every straight republican vote given at the election, one week from next Tuesday, will have its effect on the presidential campaign in 1888, for good or ill results.—Warsaw *Times.*

The *Times* sounds the key note and well knows that the slightest victory of its party in Indiana will be heralded the country over as a partisan victory and flaunted in the face of every democrat who will live to curse the day of republican success, if such a calamity should befall any spot in Indiana.

IT IS A WARNING.

The Louisville *Courier-Journal,* one of the greatest newspapers in the country, is alive to the importance of democratic success in Indiana, and sounds this warning to Hoosier democrats:

"The *Courier-Journal* wishes to address a word of warning to the Indiana democrats.

There is a suspicious tendency on the part of leading republicans, like New and Dudley, to unburden themselves to the newspaper interviewer and inform the country what an easy victory the democrats of Indiana have this fall; what a big majority they will elect to the legislature, and how certain they are to name a democratic senator to succeed Harrison. These interviews are notably frequent, and coming from the sources they do, are, we repeat, decidedly suspicious.

Politicians like New and Dudley do not usually go about over the country seeking opportunities to herald their defeat in advance, and when they do adopt such tactics in the middle of a contested campaign it is high time for their opponents to open their eyes and put themselves on the alert.

For be it remembered, while these wily republicans are nosily proclaiming their foregone defeat, they are moving heaven and earth to win success and secure the legislature. They are doing al they can in a cunning and quiet way to get the democrats by the ears, and to foment factional differences and contentions among them. They are furthering divers clever schemes to slip in republican members of the legislature from various democratic districts, and they have numerous and dangerous plans for trading at the election in favor of republican senators and representatives.

The democrats of Indiana should not allow themselves to be betrayed into over confidence and inactivity. They should be vigilant, energetic and determined to block all the plans of the republican wire pullers to carry the legislature. We must have another democratic senator from Indiana. The democratic party can not assume the full responsibility for national legislation and administration until it secures also the United States senate. A democrat in the seat of Harrison is indispensable to the early achievement of this end. Nothing short of criminal carelessness and inefficiency on the part of the Indiana democrats will prevent the retirement of Harrison by the next legislature and the election of a democrat.

SENATOR SHERMAN'S INCONSISTENCIES.

Senator Sherman has the reputation among some people of being exceedingly sharp and analytical in the constitution of his mind, says the Louisville *Courier-Journal,* but probably if the records were searched so many blunders, inaccuracies, and inconsistencies, to say nothing of the graver faults of insincerity and practical operative duplicity, could not be found to the discredit of any other public man of Sherman's generation. In his specialty of finance there was never a greater turncoat and double-dealer in congress, and the distinguishing feature of all his work is its makeshift and time-serving quality and the absence of all pretension to forecast.

This sticks to him. For example, in his late Cincinnati address he stated that the only solution of the silver problem was to put a dollar's worth of silver bullion into a dollar in order to give that coin the quality of parity with gold, and therefore of stability. Sherman proposed this several years ago, but if his advice had been taken at that time, his silver dollar would have been worth today intrinsically only about 85 cents. On the other hand, if the silver value of three weeks ago had been put into the dollar, it would now be worth 106 cents. Two weeks hence, such a coin might be worth $1.20, or perhaps 85 cents again. Now, the trouble with all this is not in the silver bullion and its legitimate contingencies, but the position in which Senator Sherman was the arch-conspirator in placing silver bullion. If he does not know, any intelligent financier does know that if the privileges of free mintage for silver, which he did more than any other man to steal from the people, were still existent, there would be no disparity possible between the market and coinage value of the silver dollar, and he knows also, or ought to know, with his pretensions to financial knowledge, that neither the device he suggested in Cincinnati, nor any other device that any other man in the world could suggest, would maintain the intrinsic and coinage parities between gold and silver coins without free and equal mintage on both.

Some of Senator Sherman's touters would have us believe that he intends to make the currency a leading issue in the next presidential campaign, in which, forsooth, he is perfectly willing to serve as by far the most stalwart and intolerant and radical standard bearer the republican party can put into the field. The other issue would doubtless be the bloody shirt. This belated malignant, however, will never have that opportunity, as the era of hate has swept on and left him floundering in a healthier atmosphere, which cannot but disagree with his peculiar constitution. The polished and polite and able and comparatively mild-natured knight of Maine will take that honor probably; but it is hardly less than a national calamity that John Sherman will not have the opportunity of making the finances the leading national issue. Such a canvass would be the ruin of himself and all that he represents.

Nothing could be so useful in the way of disseminating striking lessons of post bellum history, and in all of this Mr. Sherman could truthfully say, cujus magnus pars fui.

But what a part was that? It is in evidence that no man in either house of congress contributed so much to the legislation which converted the currency bonds to specie bonds, and the specie bonds to gold bonds, as John Sherman. No man did so much to engineer the conspiracy of demonetizers in 1873 as John Sherman. Even before that it was John Sherman who, in 1871, instructed the American minister to Berlin to take advantage of the political situation, and put in a stroke for the gold plutocrats, who were his masters, under the authority and sympathy of the United States, the German currency policy adversely to the bimetalic system of her great enemy and debtor, France. That sentiment was already materializing at Berlin, and whether or not it was stimulated or aided by this American intermeddling, Germany in that year opened the monometalic crusade in Europe by demonetizing silver. It was John Sherman who, in 1873, contributed more powerfully to make the United States the first apostle of Germany than any other man in the United States. If any work of sectional hate and malice toward the south is ever started in congress, it is John Sherman who stands always with its leaders. In such schemes as the electoral tribunals Sherman is an adept. He is *facile princeps* among the advocates of all the interests of monopoly and intolerance, and no man is ready to go farther in pushing the thievish oppressions of the tariff.

This man's public career has cost the masses of the people in the United States thousands of millions of dollars, and no man living has done so much harm to his generation—to the people who dig and plow and weave and build.

Charles A. Roberts, of East Wilson, N. Y. had thirteen scrofulous ulcers on his face and neck. *Hood's Sarsaparilla* cured.

The story that Cuba desires to be annexed to the United States is revived, and it is stated there are various reasons for this desire on the part of the Cubans. In the first place, the natives very greatly admire our form of government, and dislike that under which they live. Then, they are largely intermarried with Americans and linked with our business interests. American business of every description stands higher in Cuban estimation than that of Spain. In Cuba the English language is spoken by all of the better classes, and the Spanish is almost despised on account of the tyranny of the mother country. Spain takes everything from Cuba, and gives her nothing, unless it is protection when Spanish interests are jeopardized. The Cubans believe they could get in a close relation with the United States, more protection and internal encouragement in the way of improvement.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and over a year had two running sores on my neck. Took five bottles Hood's Sarsaparilla, and am cured." C. E. LOVEJOY, Lowell, Mass.

C. A. Arnold, Arnold, Me., had scrofulous sores for seven years, spring and fall. Hood's Sarsaparilla cured him.

Salt Rheum

Is one of the most disagreeable diseases caused by impure blood. It is readily cured by Hood's Sarsaparilla, the great blood purifier.

William Spies, Elyria, O., suffered greatly from erysipelas and salt rheum, caused by handling tobacco. At times his hands would crack open and bleed. He tried various preparations without aid; finally took Hood's Sarsaparilla, and now says: "I am entirely well."

"My son had salt rheum on his hands and on the calves of his legs. He took Hood's Sarsaparilla and is entirely cured." J. B. Stanton, Mt. Vernon, Ohio.

Duffy's Pure Malt Whiskey and Duffy's Formula.

For Consumption.

BELLEFONTAINE, O., March 30, 1885.

The Duffy Malt Whiskey Co., Baltimore, Md.

My Dear Sirs—Your Duffy's Pure Malt Whiskey has actually cured my wife of her lung trouble (thought to be consumption in its first stages). She was unable to do anything, weighing just 111 pounds when commencing using your whiskey, and to-day, just three months from its use, she weighs 135 pounds, looks better, feels better and is better than she has been for two years. I believe her entirely cured, and thank you most heartily for the trouble you took in prescribing the Duffy's Formula and other favors from your excellent corps of physicians. I shall praise it to all that I think can be benefited by it, as it has saved me an enormous doctor's bill and an invalid's care.

E. L. BARRINGER,
Prop. Excelsior Steam Printing Works.

231 S[illegible] St., Brooklyn, N. Y.

Gentlemen:—I was stricken down with congestion of the lungs, and though having the best medical attendance I did not improve. I had a cough that seemed to contract my chest to half its natural size. Was unable to rest day or night, except upon my back, and to make the least exertion by reason of my breathing being so quick and short. I commenced the use of your Duffy's Pure Malt Whiskey and Duffy's Formula, and it has done more good than is claimed for them. Lung trouble has entirely disappeared, appetite excellent, breathing as natural as ever, cough gone. I feel like a new man all over. Your remedies are certainly the ne plus ultra of lung curatives.

M. O. CONNOR.

63 N. CENTRAL AVE., BALTIMORE, MD.

To the Duffy Malt Whiskey Company:

Gentlemen:—I must tell you how much I value your Duffy's Pure Malt Whiskey. I have been very ill; my friends all thought I must die with consumption. Your whiskey has certainly benefited me very much. I was so sick and weak that they had to hold me up and give me the Malt Whiskey. My doctor told them to give me two teaspoonfuls every four hours in as much water or milk; then, when I began to improve, I must take it three times a day in the same quantity and I shall use it while I can get it. I hope that those who suffer may hear of it and be benefited as I have been.

MRS. ANNIE M. GRIBBS.

[illegible] AVE., Pittsburg, Pa.

Dear Sirs—I would very thankfully say in behalf of my friend, Mr. Chas. Whitaker, that he has so much improved in health and spirits since using your Duffy's Pure Malt Whiskey and Duffy's Formula that he is completely restored. At the time of taking it first he was depressed in energy and spirits, characteristic of that dread disease, but now he has gained so much in weight, strength, and general vigor he is actively attending to business.

FACTS FOR VOTERS.

Hon. Charles McCulloch Makes an Honest and Masterly Statement of County Affairs.

To the Editor of THE SENTINEL.

Nothing more completely baffles trickery and deception than a straightforward statement of facts. I believe that the taxpayers of Allen county and the city of Fort Wayne are honest, intelligent men, not easily bamboozled or deceived. Living in the noonday of time, they read and think and the editors of republican papers in this city will find that the triumphs of truth and reason are greater than those of misrepresentation. Slander cannot make a subject either better or worse and in the long run it acts like a boomerang upon the party that resorts to it. The true and concise statement of our county affairs, made by our county treasurer, is all that is necessary to puncture the false statements of republican newspapers, and it will be published often enough for every man in the county to read it and those pretended reformers will find that "truth is mighty and will prevail."

The statement shows that the commissioners did issue $200,000 of bonds, and they bear five per cent interest, but the premium they brought, of $4,000, brings the rate of interest to about 4½ per cent or less. They did this to pay off every county order that drew 6 per cent, and to give them money enough to keep the county for the future on a cash basis and at the same time not to stint in the necessary expenses of a thriving county. Several years ago, about the time Mr. Rudisill was auditor, a large number of wooden bridges, on pile foundations, were built within a period of four years. Everyone knows what kind of bridges they were from the one at Rudisill's mill and Muldoon's dam. During the last four years these bridges have had to be rebuilt or repaired at a cost of over $150,000, and in order to verify my statement I give figures of cost and location of bridges, and this will tell why for four years past the expenditures of the county have been heavy:

Wells street bridge, St. Marys river	$20,[illegible] 51
Paper Mill bridge, St. Joe river	14,120 25
Clinton street bridge, St. Marys river	14,315 73

Springfield township bridge repairs	51 00
Painting Rudisill bridge	80 00
Painting Taylor's bridge	25 00
Total	$153,290 77

Some more have yet to be built, but the work is principally done for many years to come. Allen county is the largest county in the state and has more bridges to build and keep up than any other county. She is second in wealth and manufacturing interests and had it not been for the necessary expenses above mentioned she would not have run behind one dollar. THE PEOPLE BELIEVE IN GOOD ROADS, SAFE BRIDGES, WELL MANAGED PUBLIC INSTITUTIONS, LIBERAL EXPENDITURES FOR HOSPITALS AND THE POOR.

The hospital and poor expenses alone from June 1, 1885, to June 1, 1886, were as follows, according to the report of Auditor Griebel:

Poor orders by townships trustees	$22,821 60
Medicine	968 20
Physicians	2,230 57
Railroad fare	271 25
City hospital	3,830 63
St. Joseph hospital	4,077 12
Asylum	6,657 15
Asylum superintendent	500 00
Pest house	21 40
Overseers of poor, township trustees	1,957 00
Total	$[illegible] 12

Viewing the great improvements and charities we can point with pride to our county and the paltry debt that is shown in the statement of the county treasurer is so straightforward and plainly legitimate that people never give it a moments critical consideration. There has been no stealing. Men like William Briant, Jerome Gloyd, Henry Hartman, Louis Griebel, Willis Maier, John Dalman, Judge Hench, Judge O'Rourke *don't steal*. Newspapers are the only accusers that dare say they do. Individually not one of the gentlemen who edit those papers would say so. The democratic and republican platforms both agreed that one term in a four year county office was long enough. With that idea prominent the present democratic county ticket was nominated and as Mr. P. S. O'Rourke said to me a few days ago, "it is as good a ticket as was ever nominated in Allen county," and Mr. O'Rourke is a close observer and always says exactly what he means. He also said that he had known Mr. Niezer from his boyhood, and that he was the soul of honor. The laws that regulate the county officials in the banner democratic county of Allen regulate them in republican counties. Allen county's prosperity and growth has been wonderful within the past few years, and the workingmen who are building homes faster than ever all over our beautiful city, still have confidence in our public servants in spite of the attempts of newspaper gentlemen at each election to deceive them.

Respectfully,
CHARLES McCULLOCH.

COUNT TOLSTOI, the Russian novelist, was found by a recent visitor clad in a peasant's garb and sweeping his hearth. His white shirt was soiled with mud and soot, there was a strap about his waist, and his heavy boots were coated with clay. After breakfast the Count and his son went to help repair a neighbor's barn, and worked all day like a common artisan.

Catarrh

Is a very prevalent and exceedingly disagreeable disease, liable, if neglected, to develop into serious consumption. Being a constitutional disease, it requires a constitutional remedy like Hood's Sarsaparilla; which, acting through the blood, reaches every part of the system, effecting a radical and permanent cure of catarrh in even its most severe forms. Made only by C. I. Hood & Co., Lowell, Mass.

IS THIS THE REFORM THEY TALK ABOUT?

[Proceedings of the Republican County Convention taken Verbatim from the Gazette.]

Mr. Baltes was declared the nominee and made a short speech:

"MR. CHAIRMAN AND GENTLEMEN:—I have not been seeking this office, but as you have been so liberal as to give me a majority on the first ballot, I am very thankful, and shall work again as I did four years ago, when I paid $1,200 and didn't get the office, even if it costs me another $1,200 to get into this court house. All I ask is that these delegates do the fair thing, and at the fall election be at the polls and vote the whole ticket through from top to bottom, (a voice, "We'll do it!") and there is no doubt but we'll carry Allen county. [Cheers.]"

I gratefully acknowledge a cure of eczema or salt rheum, on head, neck, face, arms and legs for seventeen years; not able to walk except on hands and knees for one year; not able to help myself for eight years; tried hundreds of remedies; doctors pronounced my case hopeless; permanently cured by the Cuticura Remedies.

WILL McDONALD,
2542 Dearbon St., Chicago, Ill.

ECZEMA.

Some five months ago I had the pleasure to inform you of my improvement in the use of the Cuticura Remedies in my case of severe chronic eczema erythematosa and to-day cheerfully confirm all I then said. I consider my cure perfect and complete, and attribute it entirely to your remedies, having used no others.

FERVAN ESENCHARDO,
3[illegible] Penna Ave., St. Louis, Mo.

ECZEMA.

I have suffered from salt rheum for over eight years, at times so bad I could not attend to my business for weeks at a time. Three boxes of Cuticura and four bottles Resolvent have entirely cured me of this dreadful disease.

Catarrhal Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Sanford's Radical Cure consists of one bottle of the Radical Cure, one box of Catarrhal Solvent, and one Improved Inhaler, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00.

WEDNESDAY, OCT. 20, 1886.

THE CITY NEWS.

Nye and Riley at the Temple Friday night.

Gus. Williams and party went to Mansfield, Ohio, from this city.

John Maxwell has entered the service of S. C. Lumbard as an insurance solicitor.

The Warsaw *Times* pays a high compliment to Mr. Eli Snyder and family, now residents of this city.

Mr. J. Y. Calahan, of Fostoria, has been appointed general traveling passenger agent of the Nickel Plate.

The generous shopmates of Moses Armstrong paid the funeral expenses of their friend and gave a purse of $18 to his family.

The sewing society of the Emanuels Lutheran church will meet to-morrow at the residence of Mrs. Fred Poetroth, on Pritchard street.

Miss Ida Case, of Washington, D. C., daughter of the late Colonel Charles Case, is in the city, the guest of Mrs. Charles B. Woodworth.

When a man bores you with "People's" chestnuts, don't say "you make me tired," but observe politely, "I'll give anything for a chair."

Mr. and Mrs. Wm. Martin, of Broadway, have returned from Chicago and Pullman, where they visited friends. Mr. Martin thinks Pullman is the nicest spot west of here.

John B. Ohneck and Dulila Harris, Rudy C. Rinewald and Mary A. Meeks, Fred Drege and Eliza Hitzeman, Obas. Winslow and Anna Washington were yesterday licensed to wed.

The McNish, Slavin & Johnson minstrel party, recently here, played a game of base ball with the Louisville nine yesterday. Bob Slavin and Carroll Johnson were the rival captains.

Trustee Henry Bullerman, of St. Joe township, has received word that his brother George, who left here last spring and lives at Stewart City, Nebraska, is lying at the point of death with typhoid fever.

The Colfax monument committee will need $2,000 more to pay for the monument when completed. There are 550 subordinate and 100 Rebekah lodges in the state, and $3 from each will raise the money in round numbers.

O. L. Ballou, of Lagrange, and Mont. Hamilton and Henry Colerick, of this city, are booked for a speech at Black's school house, in St. Joe township, to-night. Mr. Ballou is the gentleman so woefully knocked out in his own county.

The announcement of the engagement of Mr. Maurice Mayerstein, of the *Lafayette Courier*, to Miss Minnie Kohn, of Bloomington, Ill., has been made public. Mr. Mayerstein has many friends in Fort Wayne who will extend congratulations at the proper time.

The Lafayette *Courier* says: "Messrs. Hourie and O'Rourke, representing the Summit City Soap Co., of Fort Wayne, are in our city soliciting, and advertising Ceylon Red Letter and Improved Minute soaps. These brands are very highly recommended as the cheapest and best laundry soaps in the market."

A very slick game is being played on the citizens of neighboring towns. A man will enter a residence and report to the owner or occupant that the chimneys are split to such an extent as to endanger the destruction of the building by fire, and suggest that he has a lot of mortar left over from a recent job and will repair the chimneys at a small cost. After an investigation by the owner, the condition of their chimneys are invariably found perfectly sound and safe.

This is the season for a ramble in the woods, where the leaves have exchanged their modest summer garb for one of crimson and gold, and every forest glade is glorified. Hills glow with more than oriental splendor, and the rich autumnal garments drape every ridge and hollow until each becomes a vision of delight. How pleasant it is to go out into the haunts of nature and see autumn, the queen of beauty. Let all do homage to to her grace and grandeur. Rats!

Gen. Reub Williams, of Warsaw, seems to see things about right when he says in the Warsaw *Times* that there is more and more a feeling in favor of regimental reunions among the surviving soldiers of the late war, rather than the huge demonstrations that have been so much in vogue of late years, is plainly discernable on all sides. The "old veteran" is getting tired of being made the means of drawing a crowd for money-making purposes, and we therefore feel sure that while there will be fewer of the big reunions, there will be more and more of those confined to regimental organizations.

You may break, you may shatter
An egg if you will,
But a scent most peculiar
Will cling to it still.

Quite a sensation was created at Lafayette by the elopement yesterday afternoon of Mary, daughter of George Seeger, proprietor of the transfer line and a wealthy citizen, with Alexander M. Deels, a coachman in the latter's employ. The young couple went to Crawfordsville, where they were married.

At noon to-day, while a monkey show was going on in front of a prominent hotel, a tipsy and indiscreet youth fired a whisky flask out of the second story window at the monkeys, around which a large crowd gathered. Luckily the vial struck in an open space in the crowd, or a serious injury to some one would have been the result of his hilarity.

The official statistics of the passenger business done on the Wabash system show that the division lying between Indianapolis and Peru has paid the best per mile per passenger carried of any division in the Wabash system for the past three years. The travel is almost entirely of a local character, which pays three cents per mile on each passenger carried.

Adam Hensler and Dora Osha were to be married yesterday, but the groom skipped out after the wedding feast was spread and the bride was in waiting. This morning Dora's mamma attached the clothing and household goods of her daughter's truant lover and also levied on $25 due him from John Kupp, for whom he worked. It is believed Hensler is in Cleveland.
